BOUNTY LAND.

BOUNTY LANDS.

IMPORTANT NOTICE TO

SOLDIERS, SEAMEN

AND THEIR

Widows and Minor Children.

A BILL has passed both Houses of Congress, granting Bounty Lands to the following classes of persons, viz:

One hundred and sixty acres to all who have SERVED FOURTEEN DAYS IN ANY WAR of the United States, provided they have not received Land.

One hundred and twenty acres to all who have so served and have received 40 acres.

Eighty acres to all who have so served and have received 80 acres.

And if the soldier has deceased without obtaining 160 acres, the same allowance as above is made to his Widow, or if no Widow, to his Minor Children.

Service in the Revolution—in the War of 1812—and in all the Indian Wars, is provided for by said Act.

And all who served the above period in the drafted Militia of the State of Maine in the year 1839 in what is known as the

AROOSTOOK WAR,

Are entitled to its benefits. Also the Militia called out by State Authority, and who served the above period, and whose services have been paid for by the United States, and their Widows, and Minor Children.

The subscriber is prepared to receive and prosecute all claims arising under said Act, with promptness and despatch, and upon as reasonable terms as other Agents.

He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia drafted for the Aroostook service in 1839.

As inducements to commit claims to his charge, he ventures to rely upon his long and well known experience and success in those of a similar nature.

He will, if preferred, Purchase the Land Warrants at fair rates.

Application may be made to him at his Office, or if requested by letter, he will send to claimants Declarations, with suitable directions, which may be executed without the parties leaving their homes.

To secure the receipt of a Warrant early, apply early.

More Bounty Lands.

BY the Act of Congress passed March 3, 1855, all Officers, Soldiers, and Seamen who have served FOURTEEN DAYS in any war of the United States since 1775, are entitled to 160 acres of land, if they have not received it. Those who have received 40 or 80 acres are now entitled to enough more to make up the 160. Those who have received 160 acres are not entitled to any more. The benefit of this Act extends to the widow and minor children of the soldier, but to no other heirs. Those who have been engaged in BATTLE are entitled to 160 acres, without regard to the period of their service.

Persons having claims under this or any other Act, will have them promptly attended to by calling on, or writing to, A. L. RICHARDSON & CO., 11 Railroad Exchange, Court Square, Boston, who pay cash for warrants.

N. B.—We have faithful and experienced agents in Washington, and we make no charge in any case, unless we obtain the land.

HAS ARRIVED!

The Voluntary Testimony of Living Witnesses, is that

Hayes' Allied Ointment,

and Humor Syrup,

IS the BEST MEDICINE ever offered to the public for the Cure of all Humors.

It has stood the test of more than seven years, and in offering it to the public we are not ignorant of the operation. We know it to be the greatest ALLEVIATOR OF PAIN and SUFFERING to those afflicted with any kind of Humor, and really one of the greatest blessings to mankind ever before the public, as we can show by the evidence of living witnesses.

Read the following—it speaks for itself.

Lawrence, June 17, 1854

We, the undersigned, citizens of Lawrence, having used the Vegetable Allied Ointment prepared by Dr. E. D. Hayes, of this city, and being personally acquainted with the Doctor, feel pleasure in adding our testimony to all the Doctor claims for his medicine. Unlike other remedies in the market, this preparation performs its office speedily and with certainty. The Ointment we have used with the most happy result, after vainly seeking relief by the free use of Sarsaparillas, Salves, &c., &c.

Our experience fully justifies us in confidently recommending it as the article, and the only one known to us as performing all it claims.

A. S. BUNKER, A. WHITTIER,
S. THOMPSON, ASA T. SANBORN.

IT CURES

The Salt Rheum, Scrofula, Erysipelas, White Leprosy, Cancerous Humors, Ring Worm, Scald Head, Burns and Scalds, Chilblains, Piles, (a preparation expressly,) Barbers' Itch, Fever Sores and all old Mercurial Sores however long standing. It removes all those vexatious Pimples, Eruptions and Moth or Maldew from the face, leaving the skin perfectly soft and smooth, adding great ly to the beauty of complexion. Never, in no case, will it leave the least mark or scar. It will draw humors from the Stomach, Lungs, Throat, and from the Head and Eyes, by an outward application. It improves the sight wonderfully where the eyes are troubled with humors by removing the difficulty, and restoring the sight.

New England Roofing Company,

MANUFACTURERS OF WARRENS' IMPROVED

Fire and Water Proof Composition Roofs,

Office—[illegible] Liberty Square, Boston.

THIS Company would respectfully solicit the attention of Builders, Architects, Manufacturers and the Public, to this much approved system of Roofing, which has been very generally adopted in the cities of Buffalo, Cincinnati, Chicago, and St. Louis, and within the past year in Boston and vicinity, where it has given entire satisfaction. It is rapidly superseding the use of all other kinds of Roof, and is confidently offered to the Public, as a mode of Roofing unobjectionable in every important particular.

The materials employed are none of them subject to corrosion or rust, like the metals, nor will they expand and contract with the changes of temperature, like tin and iron, nor shrink in dry weather, and swell in damp, like shingles, and other wood coverings.

It combines in a greater degree than any other Fire Proof Roof now in use, the valuable requisites of cheapness, durability, and security, against both Fire and Water.

These Roofs require an inclination of not more than one inch to the foot, leaving it in good condition for a promenade for drying purposes, and is of particular advantage to adjoining buildings in the event of Fire.

They are afforded at a much less price than any other Fire Proof Roof. The amount of material saved, and which would be used (by the old method) in raising the walls, and framing a steep Roof, still further reduces the cost of the building.

Another advantage gained, is the securing of rooms in the Upper Story, of the same dimensions and quite as commodious, as those in the lower part of the building. The expense of a Three Story building, with this improvement, not being greater than that of a building of two stories with the pitched roof. There is a further saving in the cost of gutters.

These roofs are not affected by the jar of machinery—like those of Tin or Slate.

The Composition is so prepared that it is not affected by the extremes of heat or cold.

In case of injury from any cause whatever, no roof is so easily or quickly repaired.

Further information obtained by applying at either of the Company's Offices.

Republican Nomination.

FOR GOVERNOR,

ANSON P. MORRILL.

Luther Severance's Advice

It is high time that Northern men should unite, whether whigs, democrats, know nothings, know somethings, free soilers, or [illegible] to trample in dust every northern doughface, who has yielded his vote to this iniquity. We must now effectually unite all who [illegible] with us, and we must do it without delay. It is a present exigency, more important at the moment than any other political question.

Israel Washburn's Sentiments.

The great contest [illegible] (relating the designs of the tyrannical slave oligarchy) now overrides all the old party organizations [illegible]. *They must give way to it—they have already given way.* "Men who mean something must act together." [illegible] in good faith for the objects which we alike desire to promote, and which, in our poor judgment, can be [illegible] advanced, so far as action in this State is concerned, and in the present [illegible] in different State and National [illegible] by acting with what is known as the *Republican party*.

Penobscot County Republican Convention.

The Republicans of the County of Penobscot are hereby notified that a Mass Convention of Republican party will be held in the city of Bangor, at the City Hall, on WEDNESDAY, the twenty-[illegible] day of August next, at ten o'clock A. M., for the purpose of selecting three candidates for Senators, also to nominate candidates for County Treasurer, County Attorney, and County Commissioner, and Clerk of the Judicial Courts.

Per order of Republican County Committee.

"If the people of Maine are going to throw themselves into the hands of the abolition leaders let them practice accordingly. They should stop shipbuilding—cease to manufacture and consume cotton, and the other products of slave labor. They should prepare themselves to make some sacrifice for a great principle. This view of the case shows the absurdity of the position of abolition gentlemen, and that their philanthropy and disinterestedness vanish when put to the test of dollars and cents. *They have not yet learned to mind their own business and let these neighbors alone.*"—*H. Farley, at the Straitout Convention.*

What is the proposed action of the people of Maine, which Mr. Farley here characterizes as "throwing themselves into the hands of the abolition leaders?" What action are they taking, which he intimates is meddling with that which is "none of their business?" Why, it is standing up for the rights of freedom, and insisting that the slavery prohibition shall be restored, or that new slave States shall be excluded. It is this which he calls "none of their business."

Now let us see whether Mr. Farley considered it as to be "none of their business" last year—previous to the Congressional election, May 10, 1854, he made a speech in Congress, in which he said—alluding to the repeal of the Missouri Compromise:

"The people of the North should not be stigmatized as Abolitionists and agitators because they discountenance this movement. They have rights in this controversy; they have opinions which should be respected. The North is unanimously opposed to the extension of slavery over territory now free; *she believes it to be a great evil*, particularly to the white race; an institution that weakens rather than strengthens [illegible] great elements which [illegible] at the foundation of national power and happiness.

* * * * *

So, the measure before us looks to the extension of slavery over territory now free; *and the opposition to it is [illegible], therefore of an abolition type* it assumes a more general character.

* * * * *

It will be in vain that you attempt to satisfy the North that its repeal or modification is right, necessary, or expedient. It will be at war with the [illegible] sympathies, and prejudices of the present generation of voters at the North, who have been educated to regard the Missouri compromise, as one of the great landmarks in the legislation of the Republic. Let it stand, and you will have peace, concord, and devotion to the Constitution. Repeal it, and your flag will wave over a discontented people. Gentlemen say it will be a nine days' wonder. They mistake. *The repeal will be the nucleus for an agitation, which will manifest itself here for the next century.*"

Mr. Farley then considers that the North *had rights* in the controversy—that the people of Maine had *some business* in endeavoring to prevent the outrage—that the opposition was *not* one of a merely "abolition type." And if so, pray, is it "none of their business" now, to endeavor *to get the great wrong righted*, or to prevent its being consummated by the introduction of new slave States? Is it "none of their business" to endeavor to keep the strength and influence of Maine on the side of resistance to the wrong instead of putting it into the hands of the *defenders* of that act? Is it none of their "business" to keep Maine in the position she occupied last year, on this issue, and which Mr. Farley and all the Straitouts were *then* constrained to approve? We opine, that it is their business,—and important business too, even to the material interests of this country.

In regard to the deceptive appeal which Mr. Farley makes to the sordid fears of our business men, we remark, in the first place, that it is an unworthy one to make to the intelligent and upright people of Maine who would reply to him in the language used by a noble New York firm, when pressed with the same argument, and threatened with a loss of custom—"We sell our goods, but not our principles." And in the second place, we reply, that the argument is fallacious—that the business of Maine will never suffer from an adherence to principle—that we demand only the constitutional and legal rights of freedom in this Union, and that a *firm persistence* in that demand will not only secure its eventual recognition by the South, but also the real respect and confidence of the better portion of the Southern people—a respect which they will *never* yield to a miserable, truckling and doughfaced policy, such as Mr. Farley's language would seem to counsel.

Republican Mass Convention.

We copy to-day into our columns the notice of the Republican State Committee for a convention of the party at Portland, on the 14th of August next. This call sets forth eloquently and clearly the vital issues of the times, the political condition and perils of the country, and the necessity therefor of all men who think alike upon these great matters to act together.

The names of the speakers announced are a sufficient guaranty of the might of mind which has been secured to give life and force to the meeting. It will doubtless be a great gathering of freemen in council, whose hearts are deeply affected for the welfare of the country, and the progress of civilization in our State and throughout our whole broad nation.

The call of the State committee will be generally and generously responded to by the Republicans throughout the State and by all the friends of temperance, freedom, and [illegible] reform. It would be very pleasant to have delegates from every part and portion of the State, and if convenient, even from every town.

Maine is now the great battle-field of temperance, and many a rum seller's hand in other states is raised to strike down the Maine Law in its own home as the most effectual mode of fighting the battle of the rum in other states. The contributions of the rum interest abroad has given an ability to the rum interest in Maine, and to the waters on its providence, to make a noise and a show before election.

Maine is the battle field of freedom, and upon her decision may almost be said to depend the future position of freedom and of slavery in our country. The eyes of the slave power, ever watchful, ever vigilant, ever ready to take advantage on its first appearance, is steadfastly fixed now upon the people of Maine. So, too, are the eyes of [illegible] turned towards Maine, and as she decides so will they determine. If the present opportunity which the people of Maine have to frown upon the aggressions of the slave power, and upon the doughfaceism of all who would aid and abet that power, if this be omitted and Maine falls back into indifference, or succumbs to the bidding of slavery, through political and official influence, then may every patriot despair of his country, because the voice of Maine would in such case be fatal. But Maine will not now prove recreant to duty—will not bow to the dark mistress—will not yield to temptation, but stand up true and trusty to freedom, to humanity, and in favor of human progress.

Newspapers and Issues.

Almost every newspaper in Maine has for a number of years past favored, in its columns, the temperance cause. It was agreeable to the popular sentiment of the mass of the people; and complaints, if any, were few and not worth regarding. Recently, the Straight Whigs and the Hunker Democracy, aiming at the same point, and intending to sit down lovingly together in the future, have both taken ground against the Maine Law, and now the papers of these two parties denounce, most bitterly, the neutral papers published in the state for their advocacy of temperance. It interferes with their craft, and they anathematize the editors of the independent paper as though they were bound at the bidding of political leaders to ignore the whole subject of temperance. The editor of the Gardiner Home Journal a miscellaneous family paper, sends back a greeting to the Belfast Journal, in return for its denunciations, which is truly refreshing for its ability and independence. These political tricksters will find, by and by, that they have miscalculated their own strength in supposing that they were able, by party resolutions, a few speeches from disappointed politicians, and editorials of the [illegible] character, to turn the sentiment of the people of Maine on those vital questions of temperance and freedom which lie so near to the heart of every true man. They forget that when political leaders vowed that temperance was a side issue that the people even then sustained it on its positive and affirmative qualities; and surely this same intelligent and independent people will not do less, but rather more, now that politicians make a direct and open issue against temperance and the Maine Law.

The Rockland Gazette gives the following report of the Lime market: Sales for the week ending June 20th, amount to 5000 casks, at 78 a 80 cts. Wood at 3,00 a 3,25 per cord. Casks at 18 a 20 cts.

Rev. Mr. Kalloch has retired from the editorial charge of the Rockland Gazette, probably on account of his [illegible] removal to Boston.

A Pro-Slavery Convention

Was in session at Lexington, Mo., last week, and adopted the following platform which, it will be seen, leaves freedom very few rights in the territories. They have not only voted it unconstitutional for the free States to declare against admitting new slave States—but that it is also unconstitutional to incorporate Emigrant Aid Societies, for the purpose of colonization in Kansas. The Straitout leaders have already ceased their advocacy of the first-named measure, and they will probably soon turn their backs upon the other, as it has been voted "unconstitutional." The next step of the southern gentlemen will perhaps be to declare it unconstitutional and treasonable to the Union for northern men to go to Kansas at all, unless they will *swear to support slavery*, *because* those 50,000 slaves in the border Counties of Missouri will be valueless "if Kansas become the abode of abolition fanatics." We don't see how, under the positions taken by these gentlemen, it is [illegible] constitutional for a northern man to go to Kansas unless he will swear to sustain slavery. But to the platform, which is as follows:

That the agitation of the slavery question in Congress, or the several States, must finally result in a dissolution of the Union; that the resolutions of non-slaveholding States, not to admit another slave State, is a declaration of hostility to the constitution; that the diffusion of slavery tends to ameliorate the condition of the slave, and maintain the equilibrium against the non slave-holding majority; that the Kansas Nebraska act and Fugitive Slave Law are cordially approved of; that the incorporation of monied associations for the purpose of colonization in Kansas is unprecedented in history, and is an attempt to thwart the purposes of the constitution and the enactments of Congress; that these colonies will necessarily lead to resistance, and while they disclaim any intention to interfere with actual settlers, they will protect themselves and property; eighteen border counties in Missouri contain 50,000 slaves, which will be valueless if Kansas become the abode of Abolition fanatics; that there be an appeal to the good sense of the north to put down fanatical aggression and emigrant aid associations, and leave Kansas to a natural settlement.

Resolutions were also adopted, calling on the Missouri legislature to discriminate within the constitution against the products and merchandize of Massachusetts and those northern states which practically nullify the fugitive slave law. And the welfare of the slave-holding states and the interests of the Union require the enactment of a law in said states, suppressing abolition and incendiary publications and opinions. The convention adjourned *sine die*.

SERIOUS FIGHT ON EXCHANGE STREET.—On Saturday afternoon a fight occurred between Austin Marshal and John O'Mara, (Irishmen,) at the residence of the latter on Exchange street, which caused much excitement. Marshall commenced breaking the chairs and furniture of the room, when O'Mara interfered for the purpose of putting a stop to the unlicensed performances of Marshall; they clenched, and in the melee that ensued O'Mara had one of his fingers badly bitten, and both suffered severe injuries in their faces, particularly in the region of the eyes. A boy named McAlnon had two or three ribs broken. The police arrested the principal parties concerned, who will probably be examined before the Municipal Court to-day.

JUDICIAL LAW DECISIONS.—In the county of Lincoln, recently a decision was given by the Supreme Court, in the case of Augustus Prescott of Boston vs. R. Williams, a constable of Bowdoinham. Williams, in his official capacity had seized a quantity of liquor, (under the old law,) belonging to Prescott, and in an action of replevin the liquor was ordered to be returned—but Williams was exonerated, upon the defence set up, that "he was an officer serving a precept under the law."

Another case against the same officer for *trespass* in taking liquors, was decided in the same manner.

MESSRS. EDITORS: I am happy to notice by your paper that Mr. Upham, a member of the Bangor Theological Seminary, proposes to open a school, to be continued through the vacation of our city schools.

Mr. Upham comes highly recommended as an accomplished and successful teacher of several years' experience, and I trust that many parents will be glad to improve this opportunity by placing their children under his instruction.

City Marshal Weaver and posse seized various packages of liquor yesterday morning, in different sections of the city—some in transitu—amounting to about 20 gallons, besides a barrel of cider.

ANNIVERSARY EXERCISES.—The anniversary of the Bangor Theological Seminary occurs this week.

The exercises of the Rhetorical Society will be in the Central church this evening, at half past 7 o'clock.

On Saturday afternoon, a fire took on the roof of a house on Morse's lane, occupied by Mr. Galen Worcester. There was a general alarm, but the fire was extinguished with little damage.

At a meeting of Ladder Company No. 1, held Saturday evening, Z. L. Bragdon was chosen Foreman, L. L. Morse, Second Foreman, and A. T. Beckford, Clerk.

ACKNOWLEDGMENT.—Transactions of the Agricultural Societies in the State of Maine for 185[illegible], and a number of other publications have been received, which will be more particularly noticed in a day or two.

Raspberries have made their appearance in our market. The price asked for them is 20 cents per quart. Huckleberries are also offered for sale.

Hay making will be general throughout the State during the present week. The crop will be fair.

Mr. Jonathan Loring, of Groton, who died last week, bequeathed by will the principal part of his property to the Unitarian Society in that town. It will amount to ten or twelve thousand dollars. The society already has a fund of more than twelve thousand dollars, derived from various sources.

DROWNED.—On Thursday, (19th,) a son of James Wilkinson, 10 years old, was drowned at South Berwick Landing, and Mr Evans Guppill, who went to his rescue, was also drowned.

[From the Albany Evening Journal.]

Albany Lumber Market.

For the Week ending Wednesday, July 18.

The falling off in the receipts of lumber continues to be a prominent feature in the business of the season. A decrease of *fifty* per cent from last year up to this time shows that our statement at the commencement of the season that the quantity of lumber coming to tide water would be materially less than in 1854, is confirmed by the result.

The sales for the week have been moderate, and the assortment from the resumption of navigation on Champlain Canal has much improved, which fact, with the certainty that prices will be no lower, and the probability of an advance soon, renders this the most favorable time for dealers to lay in their stocks for the fall and winter trade.

The receipts by canal, from the 11th to the 18th July, in the years named were as follows.

	Boards and Scantling. feet	Shingles. M.	Timber. C ft.	Staves lbs
1850	5,723,200	398		1,236,[illegible]
1851	10,933,440	1,307	4,350	3,077,079
1852	14,371,971	580	43,440	1,427,[illegible]
1853	13,939,961	1,116		4,863,000
1854	11,289,021	642		3,457,901
1855	6,302,868	2,035		12,480,110

The falling off in the receipts of Boards and Scantling during the second week in July, was unlooked for. On the contrary, the navigation of the Champlain being resumed, it was expected that the accumulated boats on the line would have swollen the receipts fully up to those of last season. Shingles continue to come forward freely, and exhibit a large increase over the corresponding week in this month last year. The large excess in Staves is beyond any precedent, and we are almost inclined to doubt the accuracy of the collector's figures. The receipts of the week are about equal to those of the entire month of June, and exceed those of May by 4,413,068 lbs., which is about the usual average weekly receipts.

The receipts by Canal, from the opening of navigation to the 15th of July, in the years named, were as follows

	Boards and Scantling, ft	Shingles, M	Timber, C ft	Staves, lbs
1850	82,208,770	17,840	18,224	41,253,130
1851	100,647,543	90,577	81,090	31,899,[illegible]
1852	125,009,917	8,933	74,224	31,380,[illegible]
1853	112,032,292	10,754	4,092	31,790,161
1854	127,[illegible],870	11,284	4,707	11,733,[illegible]
1855	75,721,969	[illegible]	151	57,350,377

The receipts of Boards and Scantling from the opening of the Canals up to the 15th inst. compared with the corresponding time last season, show a falling off equal to 52,111,901 ft.—less far they have been less than they were during a corresponding period in any of the years named in our table. Shingles show a large increase over last season and equal to 15,-[illegible]79 M. The large receipts of Staves during the past week have swollen the figures so that up to the present time they show an excess over last season of 1,501,631 lbs. and an increase over all the years given in the table except 1850.

Prices of the two past weeks' remain unchanged.

CURIOUS SLAVE CASE IN ARKANSAS.—The Van Buren Intelligencer says that it has recently been decided by Judge Ringo, of that State, that slaves are not recognized as property by the laws of the United States. The case upon which his decision is based, is briefly thus:

"Two negroes had been convicted of larceny in forcibly rescuing and taking away a negro woman from two gentlemen in the Creek nation. A motion was made by counsel for the accused in arrest of judgment, on the ground that slaves were not known to the United States laws as property, which motion was sustained by the Judge, and consequently the two negroes were turned loose.

"Another negro, indicted in the same case, was also turned loose, a *nolle prosequi* being entered in this case, after the decision of the Judge had been given."

The Intelligencer says that this decision was undoubtedly law, but it is a bad state of affairs for those owning slaves in the Indian country, because there is no law to prevent the stealing of all the negroes in the Indian section, if men are disposed so to do."—*Boston Journal.*

THE PACIFIC SQUADRON.—The New York Commercial has accounts from the Pacific squadron to the 11th of June. A letter dated at Paita, on board the United States ship Independence, says that the squadron has been singularly unfortunate, not only in the number of deaths that have occurred but also in the necessity that has arisen for an almost constant Court Martial. Among the deaths are those of passed Midshipman Washington Totten, of Washington, D. C., and Lieutenant John Mooney, of Maine, who jumped overboard and was drowned. Lieutenant [illegible] has been dismissed from the Pacific squadron, on charges preferred against him for disrespect to Captain Boutwell, of the John Adams. Three or four other officers are to be tried, but their sentences, it is anticipated, will not be quite so severe. The health of the Independence and the John Adams was good. The former expected to leave for San Francisco in a few days after the date of the letter.

MIDDLESEX COUNTY.—The Court of Common Pleas at Concord adjourned on Tuesday. Every liquor seller indicted under the new law was convicted, and about five thousand dollars were collected in fines, under the old law.—Abel Hunt, an old offender, of Watertown, went to jail, rather than pay his fines under the old law, amounting to several hundred dollars, but after waiting in vain for the Watertown people to come and tear down the jail and rescue him, he concluded to pay up. He was then tried and convicted under the new law, but some exceptions were taken to the form of the indictment, and he escapes punishment until these are overruled.—*Boston Telegraph.*

The "Lockup" in this city was broken into on the night of the 12th inst., by a number of rummies and fourteen of the eighteen casks of liquor which had been placed there by the City Marshal, carried off. It had been seized under the law regulating liquors in transitu. A reward of three hundred dollars is offered by the authorities for the apprehension and conviction of the perpetrators of the deed.—*Calais Advertiser.*

KILLED BY LIGHTNING.—A little girl of six or seven years of age, named McLucas, was killed by lightning on the evening of the 10th, at Brownfield. She was playing on the floor and was struck by the fluid which passed into the room by way of the iron stove funnel.

We are informed that a woman was also killed in Limington, and a yoke of oxen in Limerick.—*Portland Advertiser.*

FIRST CORN OF THE SEASON.—We received on Wednesday last, July 18, from T. Gerrish Furber, Esq., of Newington, several handsome ears of green corn—the first in the market this season. Last year the first appearance was on the 20th of July, in 1853 on the 22d. We have no previous record which shows its appearance in market earlier than the 28th of July.—*Portsmouth (N. H.) Journal.*

PHILADELPHIA, July 20.—Passmore Williamson, a prominent abolitionist, together with several negroes, is under examination to-day before Judge Kane of the District Court, charged with kidnapping on Wednesday, three slaves belonging to Mr. Wheeler, the U. S. Minister to Nicaragua.

CONVICTED.—The jury in the Court of Common Pleas at New Bedford, rendered their verdict yesterday afternoon, in the case of Massie and Crowell, indicted for rape. It was that of guilty as to Massie, and not guilty as to Crowell. According to law, the sentence must be imprisonment for life.—*Boston Journal.*

TOM THUMB AND THE CIRCUS.—A magnificent entertainment is announced to come off in this city to-day, (Monday) and to-morrow, consisting of the famous menagerie of S. B. Howe's, containing a full and splendid collection of Wild Beasts, S. P. Stickney's fine troupe of equestrians, and the veritable General Tom Thumb, of Barnum and European renown. The General, we are happy to learn, although a few years older, is in excellent health, and his shadow no greater than it was fifteen years ago. Of the Circus with which he is connected we have heard the most favorable accounts. It is composed almost entirely of American artistes, among whom mention is made of Miss Sally Stickney, a young lady of the most brilliant talents in her line, and said to excel in her feats of equestrianism all the most popular demoiselles and signoras in the country.

Gen. Tom Thumb is to appear in all his famous performances, changes of character, &c., holding his levee in the arena of the Circus.

This forenoon the company will enter town in grand procession consisting of the travelling equipments of the troupe, a cortege of equestrians, gaily mounted and caparisoned.

WELCH AND LENT'S CIRCUS.—This company exhibits in Portland to-day, and will be in Bangor early next month. In Philadelphia, where it performed last winter, it was very highly spoken of, as the following notice from the Philadelphia Sunday Review will testify.

Welch & Lent's Circus.—This is the neatest and most aristocratic exhibition we ever remember to have seen, out of Franconi's beautiful Circus, in the Champs Elysees. We must compliment Messrs. Welch & Lent upon their excellent taste, first in the manner in which the house is arranged, and next on the performances—all of which are excessively interesting and some of them most remarkable displays of muscular skill and dexterity—the performance on the slack rope, for instance. A happier selection of fancy horses, too, could scarce ly be found, both as to shape and color. They are admirably trained, and caparisoned with simplicity and good taste. Indeed, all the costumes were fresh, elegant and appropriate.

The proprietors, Gen. Rufus Welch and Lewis B. Lent, Esq., are too well known in this city to require any eulogy from us. Liberal, energetic and skillful managers, they are no less esteemed for their private worth than for their public spirit and enterprise. Thoroughly versed in their business in all its branches, they are peculiarly adapted to cater for refined and intelligent audiences, and their exhibitions will receive, as they always have received, the patronage of classes which no other equestrian establishment could ever secure.

REAL ESTATE SALE.—On Saturday last, R. S. Prescott, auctioneer, sold at auction two lots of land on Birch street, 55 by 122 feet, for $[illegible] each. G. W. [illegible] was the purchaser.

DROWNED.—A boy six years of age, son of [illegible] Harlow, was drowned in the [illegible] at Richmond, on Saturday afternoon. [illegible] was found Saturday [illegible]—*Bath Tribune.*

LAUNCH.—The Gardiner Journal says, a fine barque, called the San Jacinto, of 700 tons burthen, was launched on [illegible] day, from the yard of Wm. S. Grant in Farmingdale.

Four ships and one smaller vessel are on the stocks in Freeport, all to be launched early in autumn.

We understand that Rev. N. Butler of the Washington St. Baptist Church, has resigned his charge as Pastor of that Society, and that he will remove to Paris, Me., and become a Home Missionary.—*Eastport Sentinel.*

SPAIN — Madrid, July 5. The Queen is to go to the Escurial on Saturday.

The Carlist Chief Marshal has been defeated near Perpignan by the Queen's troops.

Barcelona is still in the hands of the rebels. A despatch dated 5th inst. says, "The strike of the workmen continues; the opposition is a passive one. The assassins have been arrested. The militia remain faithful. A deputation has been sent to Madrid."

THE LONDON NEWS AND LORD JOHN RUSSELL. The Daily News says it is understood that the Emperor of the French has written a letter to Lady Raglan, in which more than ordinary feeling is displayed.

The Daily News comments severely on the conduct of Lord John Russell in reference to the course he pursued at Vienna, and his subsequent conduct. The Plenipotentiaries of France and England gave their assent to the Austrian propositions for peace, and undertook to urge their adoption upon their respective governments. M. Drouyn De L'huys went to Paris, and the Emperor the reason which had led him to come to this conclusion, and failing to convince him of its adequacy, deemed it his duty to resign his place in the Administration. Lord John Russell returned to London, advised the Cabinet to concur in the opinion he had declared to Count Buol, was out voted by his colleagues on the sufficiency of the terms he had consented to, and instead of retiring from office, proceeded forthwith to defend in Parliament the rejection of the offer.

THE LONDON TIMES UPON THE RUSSIAN RAID. The London Times considers General Barings account of the Hango affair unsatisfactory. — He does not attempt to explain why no warning was given to the boat, at the Russian outposts did not choose her to land, or why the party were not captured, as they might easily have been by the overwhelming force that lay in wait for them.

☞CIRCUS.

Grand Consolidation

Of two of the largest and most popular Equestrian Exhibitions in the world, viz:

Welch's National Circus,

of Philadelphia, and

Lent's New York Circus,

—Comprising—

Two Troupes of Talented Artistes,

Two Studs of Trained Horses and Ponies,

and all the appointments and paraphernalia appertaining to Two Large Companies, comprised in

One Monster Exhibition,

Given in one Mammoth Pavilion for a single price of admission, to parts by inferior companies to the contrary, notwithstanding.

Will exhibit at FRANKFORT the 8th, at ORONO the 11th at MILFORD the 13th of AUGUST,

AT BANGOR,

THURSDAY and FRIDAY,

AUGUST 9th and 10th.

Doors open at 2 and 7 o'clock performances commence at 2½ and 7½ P. M. Admission 25 cents.

The performances of the combined companies will include nearly every imaginable variety of Equestrian, Gymnastic and Acrobatic FEATS,

in which the entire strength of the double troupe of male and female performers will appear, the whole enlivened by the inimitable drolleries of the

THREE GREAT CLOWNS—

Worrell, the Wit, Wallis, the Musical, and Whittaker, the Stump Orator.

The proprietors confidently refer to the thousands who have visited "Welch's Circus" in former years, as to the reputation which it has so ably sustained for attractiveness, and the fulfilment of the promises held out in its advertisements and now that it has been augmented by the addition of

Another Complete Circus,

it is believed that facilities are afforded the management for the amusement and gratification of their patrons, without parallel and beyond the approach of rivalry.

Very Particular Notice.

A novel and attractive feature in the entertainment of the combined companies consists in the presentation of the GRAND MAGIC PANTOMIME,

THE MISER OF BAGDAD.

Which was originally produced by Welch & Lent, in Philadelphia, last winter, at great expense, and which has been performed from the commencement of the travelling season.

NO OTHER COMPANY

Has ever attempted to imitate it, on ess within a few days. In self defence, the management are constrained to beg the public not to judge of the character of this mirth provoking Pantomime by any paltry imitation which may be got up at a moment's notice, in hopes of taking advantage of the well earned popularity of the original piece.

The Miser of Bagdad can only be witnessed as originally produced in Philadelphia, with all its magical changes and transformations, at the exhibition of

WELCH'S AND LENT'S COMBINED

CIRCUSES,

which will not exhibit in this vicinity until AUGUST. law[illegible] july18.

To Holders of

John L. Hodsdon,

DOWS BLOCK, Hammond Street, Bangor, would call the attention of those who may have *LAND WARRANTS* to sell, to the fact that he has orders for large numbers of Land Warrants from parties in the West, who authorize him to pay for the same the highest market value in CASH. Any person having a Warrant may therefore be assured that he can obtain from Mr. H. the most favorable price for it.

To those who desire to

"After a careful examination of the workmanship externally and internally, and after repeated trials and hearings, your Committee feel prepared to say that the (*Brown & Allen's*) Piano Forte is one of the very best they have ever met with in the course of some seventeen years observation of the progress of Piano Forte manufacture in this country. In *purity*, combined with *power* and *mellowness of tone*, in evenness of tone from the bottom to the top of the scale, in the great excellence of the action, in thoroughness and elegance of workmanship throughout, in all the qualities, in short, which unitedly constitute a first rate Piano Forte, this instrument, in the opinion of your Committee, has not been surpassed by any Square Piano Forte hitherto produced among us, and they consider it eminently worthy of the highest premium in this department."

☞Read the following certificate from a well known competent judge.

—CERTIFICATE.—

To whom it may concern:—I have had occasion to use, and to select for many of my friends, Piano fortes made by Messrs Brown & Allen, and I do not hesitate to say that their instruments are not second to those made by any other person or persons in the city, and in many of the more important points, such as purity of tone and neatness of touch, durability, &c, I cannot but give to them the preference. I would therefore recommend to those who may wish to purchase to call at 354 Washington street and examine for them selves.

March 27, 1855

DR. J. H. SCHENCK'S SEA WEED TONIC,

—FOR THE—

Cure of Dyspepsia.

THIS remedy is composed of a component preparation of a common weed growing along the sea shore, and is a certain remedy for the cure of Dyspepsia and its accompanying diseases, to wit *Sour and Sick Stomach, Loss of Appetite, Headache, Pain in the Side and Breast, Palpitation of the Heart, Ulcers and Eruptions of the Mouth, Chills and Fever, Gravel, and Diseases of the Kidneys, Nervousness, Weakness of the Limbs, Fainting Spells, and all diseases peculiar to Females.*

Nearly every person is more or less afflicted with Dyspepsia, or some of the diseases connected with it, and it is with feelings of pleasure that Dr. Schenck can announce to all such the discovery of the virtues of the Sea Weed, which is just the remedy for their ailments. Dyspepsia and the many diseases arising from it, is caused by the deficient secretion of the gastric juice, and weakness of the powers of the stomach. The effect of the Sea Weed Tonic is felt soon after it is taken, as it supplies at once the principle of the deficient gastric juice, and the food is digested naturally. In fact the Tonic so nearly resembles the natural gastric juice that chemists even find difficulty in distinguishing them. It gives tone and strength to the stomach, by enabling it to secrete the proper quality and quantity of Gastric juice, and Dyspepsia and all its diseases soon disappear.

It is a well known fact that none suffer like the Dyspeptic, for in addition to the Dyspepsia there is often either Headache, Sour and Sick Stomach, Pain in the Side, Palpitation of the Heart, Chills and Fever, Gravel, Disease of the Kidneys, Nervous Weakness and Tremors, General Debility, Faintness, Loss of Appetite, Bad Taste, Fever, Stoppages in Females, all or each of them arising from a disordered state of the Stomach, and here is a newly discovered *remedy*, for the trifling sum of one dollar, that will cure all this train of diseases.

Now, Dyspeptic, will you not avail yourself of this remedy for so trifling a cost? or will you still suffer on? The choice is for you to make. The Sea Weed Tonic is a pleasant bitters, giving a person a good appetite and good digestion. It is put up in quart bottles, always agrees with the stomach, and *one bottle* generally effects a cure. Whenever the bowels are costive, the tongue furred, or the complexion sallow, a few of Schenck's Mandrake or Liver Pills are to be used. A box of these Pills accompanies each bottle of the Tonic, and will be found in a recess of the bottle, covered with a label.

SCHENCK'S MANDRAKE PILLS

Will be found to possess those qualities necessary to the total eradication of all bilious attacks, prompt to start the secretions of the liver and give a healthy tone to the entire system. Indeed, it is no ordinary discovery in Medical Science, to have invented a remedy for those stubborn complaints, which develope all the results produced by a heretofore free use of calomel—a mineral justly dreaded by mankind—and acknowledged to be destructive in the extreme to the human system. That the properties of certain vegetables comprise all the virtues of calomel, without its injurious tendencies, is now an admitted fact, rendered indisputable by scientific researches; and those who use the Mandrake Pill, will be fully satisfied that the best medicines are those provided by nature in the common herbs and herbs of the fields.

The Pills open the bowels and correct all bilious derangements without salivation, or any of the injurious effects of calomel or other poisons. The secretion of bile is promoted by these Pills, as will be seen by the altered color of the stools, and disappearing of the sallow complexion and cleansing of the tongue.

Ample directions for the use accompany each box of Pills, and the price of a quart bottle of the Sea Weed Tonic and box of Pills combined is only one dollar. But separate boxes of Pills can be had of any of the agents for 25 cents.

These remedies are prepared under the personal supervision of Dr. J. H. Schenck, proprietor of Schenck's Pulmonic Syrup, the well established remedy for Consumption, Bronchitis, Coughs, Colds, &c. &c., and the inventor of the celebrated Respirometer, for examining and detecting all diseases of the Lungs, Heart, &c.

Radway's Regulators.

The Third Great Medical Discovery of Radway & Co.

ONE REGULATOR is sufficient to regulate the Bowels, Liver and Pancreas, to a healthy discharge of their functions.

Two will insure a pleasant discharge from the Bowels, of a regular period of time every day.

Four to six will purge thoroughly all corrupt and acrimonious humors from the alimentary canal.

Important to Pill Takers.

Every one who is in the habit of taking pills will find RADWAY'S REGULATOR the most pleasant, safe, and effectual regulator of the Bowels, Liver, Pancreas, and the most certain *Purifier of the Blood* in use.

One of *Radway's Regulators* is superior, in point of medical strength and efficacy, to six of the most popular and best approved cathartic pills.

Radway's Regulator.

Radway's Regulators are most carefully prepared from extracts and gums of trees, plants, roots and herbs. There are no pills in use that will act upon the Liver, Pancreas, Bowels, the Salivary Glands and Nerves, so pleasantly and effectually as the R. R. REGULATORS. No pills can be taken for any length of time with the same safety to the constitution, for, instead of debilitating the system by powerful and drastic purging, they act pleasantly upon the bowels, and impart strength to every nerve and tissue of the body.

Regulators vs. Pills.

We are continually asked, What is the difference between Radway's Regulators and ordinary pills?

We answer that pills, as they are ordinarily prepared and sold by different manufacturers, are generally of two kinds—those which operate on the bowels merely, called purgative pills, and those which excite the secretion of the liver, and are called mercurial or liver pills. Radway's Regulators resemble pills merely in shape, but differ in every other characteristic. They act not only on the bowels, but on the liver, skin, pancreas, and kidneys, regulating each organ to a healthy action. They are not drastic, and never give pain as most purgative pills do; they stimulate the liver without endangering the patient with salivation, as mercurial pills do; containing no minerals in their composition, they are harmless when used for a length of time. They are tasteless, being enveloped in an elegant coating of gum. 1 to 2 regulate, 3 to 6 purge—good at all times.

As a Family Physic

RADWAY'S REGULATORS are the most innocent, safe, mild and pleasant pills in use. They are a quick and certain cure for Costiveness, Indigestion, Liver Complaint, Kidney Complaint, Jaundice, Head Aches, Nervousness, Melancholy, Diseases of the Bladder.

Female Complaints,

Leucorrhœa, Fluor Albus, Whites and Irregularities of all kinds.

Bilious Diseases,

Bile on the stomach, Bilious Cholic, Enlargement of the Spleen and all Chronic Affections of the Liver and Kidneys.

R. R. R. REMEDIES are sold by Druggists everywhere.

For great cures performed in a short time by R. R. Relief, see next week's paper. "R. R. R. Remedies act quick—the moment they are taken or applied, their health-relieving efficacy is experienced.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals, in all parts of the country is immense. The following from your own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia," or Practical Receipt Book for Farmers and Families, to be had gratis of all the Agents for the German Bitters.

Principal office and manufactory, 120 Arch st., Philadelphia, Pa.

TESTIMONY FROM MAINE.

Capt. Daniel Abbott, Brooklin, Maine, July 10, 1854, says; "I was taken sick one year ago last April, upon my passage from Havana to Charleston, S C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of "Hoofland's German Bitters" in it, I sent for some immediately. This was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man.—I have not been without your medicine since, having been sailing between Baltimore, Charleston, and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Hall & Co., Presque Isle, Aroostook Co., Maine, April 24, 1854, say "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Jos B Hall & Co—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters, I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *only one* bottle, she is enjoying better health than she has for years.—She feels no pain in her side or in any part of her body, and attributes her cure *entirely* to the German Bitters. WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me

You should bear in mind that these Bitters are *entirely vegetable*, thereby possessing advantages over most of the preparations recommended for similar diseases.

LET US REASON TOGETHER

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to a free and enlightened people as the best remedy the world ever saw for the removal of disease.

These Pills Purify the Blood.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia & Liver Complaint.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, dyspepsia and stomach complaints generally. They soon give a healthy tone to these organs however much deranged, and when all other means have failed.

General Debility. Ill Health.

Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old should be without this celebrated medicine. It corrects and regulates the monthly courses, at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint—consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Dropsy	Inward Weakness
Bowel Complaints	Debility	Lowness of Spirits
Coughs	Fever and Ague	Piles
Colds	Female Complaints	Stone and Gravel
Chest Diseases	Headaches	Secondary Symptoms
Costiveness	Indigestion	
Dyspepsia	Influenza	Venereal Affections
Diarrhœa	Inflammation	Worms of all kinds

AYER'S

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give *Directions* for their use in the complaints which they have been found to cure.

FOR COSTIVENESS.—Take one or two Pills or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the cause of *Costiveness*, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the *heartburn, bodyburn*, and *soulburn* of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

FOR A FOUL STOMACH, or *Morbid Inaction of the Bowels*, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, *Pain in the Stomach, Back, or Side*, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

FOR SCROFULA, ERYSIPELAS, *and all Diseases of the Skin*, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

TO PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICE, *and all Bilious Affections* arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhœa, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side, the skin and the white of the eyes become a greenish yellow; the stomach acid, the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhœa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, *and all Inflammatory Fevers* are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.
